BAKERY SHOWCASE

Reliable power operation

Digital temperature controller adopted for easy temperature setting inside of the showcase with ability to select the defrost time setting for your best working conditions.

Anti-fog design

Paired glass (Double paned glasses) adopted for fog free glass and energy saving supported with ACAF system "air curtain anti-fog systems" for the front glass wall to boost fog resistance if necessary.

Customizable design and various product lines

You can also select various designs and colors for each different purpose showcases made of fortified glass. Moreover, we support various types of products following upon our customer demands such as Supermarket, Meat shop, Bakery & Coffee shop, convenient store and beverage display etc.

e-Catalog

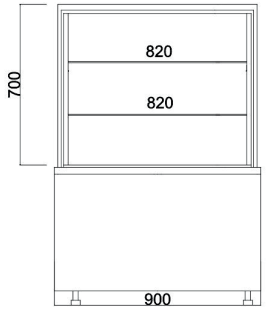

"We can meet all customized specifications that our clients request including various Colors, Sizes, Purposes (bakery, Meat, flower, aqua culture, vegetables etc.) and technical requirement."
